

1965 Canadian Archery Championships

Canadian Archery Championships									
Regional Tournament 1965									
From the Canadian Archery Association Official Bulletin September, 1965									
Although not all provinces submitted scores from Regional Tournaments, we did receive results of									
tournaments held in BC, Alberta, Manitoba and Ontario. This year the Canadian titles were decided on									
the results of the following rounds: Target Title, the Canadian Round 1200 Round, Field Title, 56 Target									
Field Round, plus a 28 Target Canadian Hunters Round. Only one Province shot for the clout trophies									
No one competed for the Flight title. Joan McDonald and Jack Chapman had high aggregate by									
adding together both Target and Field and will receive the Joliette trophies.									
Bold indicates new record
